Saskatoon Engineering Society and CIM Student tours – March 7, 2019

Visitor Confidentiality Agreement

In consideration of being allowed access to SRC premises, the visitor hereby agrees that:

1. Without the written consent of SRC, the visitor will not disclose, make public or authorize the disclosure or publication of any confidential data or information obtained while at SRC facility, including, without limitations, information relating to proprietary formulations, manufacturing operations (including customers, suppliers, equipment, services of employees, financial affairs or methods of operation), know-how, trade secrets, technical and economic data, computer programs, system documentation secret processes, ideas (including patentable ideas), copyrights or publications of a confidential nature.

2. Nothing herein shall prevent the Visitor from using, disclosing or authorizing disclosure of information:
   a. Which now or hereafter becomes disclosed in published papers, literature or patents; or
   b. Which was in Visitor's possession prior to this Agreement; or
   c. Which was received by the Visitor from a third party who was not under an obligation of confidentiality to SRC,
   d. After a period of five (5) years from the date of the execution of this Agreement.

3. In consideration of being granted access to SRC's facilities, the visitor will:
   a. Follow SRC safety policies, procedures and any applicable Federal or provincial regulations while visiting SRC facilities. To attend, receive and follow the appropriate level of safety orientation given to the visitor in the proper area.
