

Saskatoon Engineering Society

Games Evening at Dragon's Den Games

Tuesday, July 17, 2018

The Saskatoon Engineering Society (SES) would like to invite engineers, EITs, engineering students, engineering technologists, etc. in the Saskatoon area to join us to meet with other engineers and play card games, board games, etc. This is just a chance to relax after work and hang out with some fellow engineers. Significant others are also welcome. Dragon's Den Games has a room in the back (actually a significant part of the store) with board games, card games, etc. that we can play for free.

What: Play Games

Date: Tuesday, July 17, 2018

Time: 5:30 to 9:00 PM, come and go as you like, Jonathan (SES vice president) should be there all evening.

Location: Dragon's Den Games, 1026 Louise Ave. (just off 8th Street)

Cost: There is no cost for playing games. If you decide to purchase games from Dragon's Den Games or go for coffee or frozen yogurt after, then there would be whatever cost for that.

The Saskatoon Engineering Society is not endorsing Dragon's Den Games and they are not endorsing us. Dragon's Den has many games available for sale, but they ask that you pay for any games you want to purchase before taking them into the back room. That room has a large number of games that we can try out for free. You may bring your children, but be aware that it will probably be mostly adults playing games there. There are a pop vending machine and a snack vending machine and we are permitted to bring (non-alcoholic) beverages and snacks in.

- Jonathan

For questions on this discussion panel event, please contact events@saskatoonengineers.com. Jonathan or Uday should answer.
